Expected start date: 23rd January 2023.

PURPOSE OF THE ROLE

NLSE mentors will be senior nurses who are passionate about supporting the development of the next generation of perioperative nursing leaders. You will provide mentorship and coaching to a team of 3 trainees as they undergo the leadership program and implement quality improvement projects. You will help trainees translate their learning into practice and strengthen their skills. If you are applying as a national mentor, this role will involve weekly travel to CB Dunbar Hospital.

As a mentor you will be assigned mentees working in perioperative care areas who are undertaking the 9 month NLSE program, involving 11 modules of learning and completion of a Quality Improvement project. Through a structured process - you will help them translate their learning into practice, troubleshoot issues and support the development of their skills.

PERSON SPECIFICATION

- Currently working or have previously worked in a senior nursing role in a perioperative care area (Surgical ward, OR, PACU)
- 8-10 years post qualification experience since initial nursing registration
- Hold a mentorship or teaching qualification
- Proven experience mentoring individuals and teams
- Experienced in research and Quality Improvement initiatives including authorship for publication
- Based either at CB Dunbar Hospital or in Monrovia, Liberia
